December 2018 Vol. 1 Issue 1

## Spirit Week is December 3-7

Hello students! This week we are celebrating the holiday season fundraising to help our school improve our teachers' computer workstations. Thanks to our P.T.A. for Spirit Week's fun activities. Monday it was great to see everyone wearing a Santa hat. Tuesday was ugly holiday sweater/shirt day. Wednesday is going to be Candy Cane day so get creative! Thursday you can dress like an elf, reindeer, Christmas tree, or Santa. Friday is Polar Express pajama day so get ready to have fun at school all week long!

Fifth grade took a field trip to the Dade County Auditorium to see the famous ballet show, "The Nutcracker". The show had great acts that included performances by awesome kids.

## Student Recommendations

Phones should be allowed in school because it can help students complete their classwork. For example, a math problem may take an hour to solve, but if you use your phone you can solve it faster with some help. Another example would be to use your phone when you don't have a dictionary. That would solve a reading problem.
