

Dear Guardians and Parents,

Welcome to the 2019-2020 school year. If the past school year is any indication of our steadfast prominence, there are no limits for the North Twin Lakes Elementary School Community. I am anxiously anticipating another successful and rewarding school year alongside the most devoted faculty and staff who provide the finest educational experiences for our young learners.

It is a genuine honor that you have made the decision to be a part of the North Twin Lakes Elementary Family. As you already know, our accomplishments consistently demonstrate why North Twin Lakes Elementary is the #1 choice of parents in our community. We are proud to be an "A" school and the Top-Rated Elementary School in Hialeah. Our reputation for overall excellence is a staple within the NTL community.

Our high achieving performance is attributed to our 21st century educational practices and the overwhelming support we receive from our parents and community. Our academic excellence and unique school offerings have been featured on Univision's Channel 23 and Telemundo's Channel 51. Radio Mambi celebrated our academic accomplishments by highlighting and celebrating our Drama Performances Lion King Jr. (2018) and Moana the Musical (2019), First Place in the Parade of Stars Musical Competition (2018 and 2019), Lego Engineering, Robotics, Chorus, Dance and our Community School Programs.

North Twin Lakes Elementary is celebrating 57 years of academic excellence and it is the best kept secret in town. Our accomplishments continue to be recognized on a large scale as they have spread globally. We received the international distinction of a Cambridge Center during the summer of 2014. We continue to strive for optimal excellence by providing one of the most rigorous and complete educational experiences in the country. We are on The Florida Department of Education List of Schools of Excellence (2017-2018, 2018-2019 and 2019-2020).

We will continue to offer basic hands-on engineering experiences using the most modern technology and Lego Education. We will be implementing the iSwim: Learn to Swim Program for our students in grades prekindergarten through first grade for a second year. The General Obligation Bond Project was completed in 2018 and our facility is safe, secure, energy efficient and sleek. With a paint scheme that compliments the eye, "North Twin Lakes Elementary School is the Greatest School on Earth."

We are proud to be clean, inviting and welcoming. Our classrooms are visually stimulating with print rich materials and infused with technology to enhance student learning and reinforce the principles of the 21st century learner. We realize you have choices in the education of your child and we make it a priority to make it memorable. We can assure you that selecting North Twin Lakes Elementary School is the best decision in preparing your child for a successful future and guaranteeing a rich and plentiful elementary school experience.

Respectfully,

Jose Fernandez
